The Testament of Loki is a corker of a book, well-written, engrossing and totally original. This book is set after Ragnarok. This book and The Gospel of Loki are apparently part of the author's Runes series along with Runemarks and Runelight (which I haven't read) so I'll need to read the four of them together to get the whole story.

The Testament Of Loki Runes Novels  
The Testament of Loki is the sequel to The Gospel of Loki, shifting the eponymous trickster's story in a new and unique direction that I honestly wasn't expecting. Granted, it's been a while since I read the first book, but I don't recall things being quite so outlandish and kooky.
